

Given that many families are unexpectedly making Pesach at home this year, there is a higher demand than usual for use of the Keilim Mikveh. In order to ensure everyone's health and safety, we have established the following protocols.

1. Only one person/family should be in the Mikveh space at any given time. If someone is already there when you arrive, please wait in your car until they leave.
2. Immediately before coming to the Keilim Mikveh, please wash your hands with soap. We recommend that you also wash your hands with soap as soon as you get home.
2. Please wear gloves when toiveling your keilim. Gloves will be available at the Keilim Mikveh.
3. Please bring your own towels to dry off your keilim.
4. Please bring a garbage bag with you and remove any and all garbage you may have generated.
5. Disinfectant wipes , which can be used to disinfect door handles and the counter, will be available at the Keilim Mikveh.
6. Please remember that the Keilim Mikveh is open Sunday- Friday during daylight hours only.
